Purpose of the company:

The purpose of the company is the planning, production and financing, acquisition, operation and sale of systems and parts of systems, as well as the production and sale of energy, and in addition trade with goods, licenses and other rights as well as the provision of services, all within the field of solar energies.

Business operations:

S.A.G. Solarstrom AG are a provider of high-quality photovoltaic plants configured individually for their customers. The group installs efficient plants of all sizes, both in Germany and abroad. S.A.G. offer all the services that are required over the complete life cycle of photovoltaic plants and produce sustainable solar energy in their own plants. These plants, together with more than ten years of experience, form the basis of the continuously developing technical competence of S.A.G. Solarstrom AG. The company was founded in 1998 and is considered to be one of the pioneers of the solar sector.

S.A.G. Solarstrom AG employs around 165 specialists at four German sites as well as in the foreign subsidiaries.
